INTRODUCTION

This is Progress Report 2 for Faircon '84, Glasgow's ninth Science Fiction Convention. Faircon '84 will be held in the Ingram Hotel over the four days from 20-23 July 1984, and will feature all the standard Faircon attractions plus as much else as we can cram in!

This Progress Report is in fact our third publication. Progress Report Zero was widely distributed free July 1982 at Faircon '82, Novacon 12, and at ReCon earlier this year. PR1 was mailed in March 1983, and was also available at the Albacon II Eastercon. If you didn't receive either of these PRs then send us an A5 SAE and we'll be pleased to issue you with copies.

In order to save considerable expense we've decided NOT to phototypeset our PRs, and will instead make use of a word-processor to create the material used for eventual printing. We will, however, probably return to the more expensive method for our Convention Programme Book. So now you know the reason for the slight 'typewriter' look in this and our other publications!

Inside this Progress Report you'll find more details about our Programme, Membership and Hotel Booking Forms and information, address update slip, kidney donor card, reviews of our films, Committee details, publicity posters, and a whole pile of other stuff.

We look forward to Faircon '84 (slightly over a year away as this is written) and hope that we can make it a Con to remember. This is our Convention where the Committee is determined to learn from past mistakes,
